

PopTop™ is the new standard for freshness, cleanliness & care. Each unit contains a biodegradable all natural compact cloth that is kept dry in a self-contained sealed recyclable package until they are used.

The towelettes are activated by pressing down in the middle of the container which in return mixes the liquid & the compressed towelette. Once activated, the PopTop™ towelette decompresses & becomes ready for use.

Whether in your handbag or suitcase, for on-the-go or at home, PopTop™ is always there where you need it.

A FRESH SOLUTION

After many years of design & development, we finally have a product that solves being clean while on the run. Put one in your car, bag, suitcase & pop it open when needed. Its always a fresh pop with PopTop™
